POWERTRAINS-SYSTEMS SPECIALTY	2	4	50%
WELDING (CERT.)	7	10	70%
Total	173	332	52%

Methodology: Retention is defined as first time, degree seeking (FTDS) students who enrolled in a Fall term and matriculated the following Fall term, plus those who graduated between terms, minus those who graduated and enrolled again. Some programs are noticeably missing (RN, PN, and Respiratory Care) because students are not declared as those majors upon first entering.
