DRUG AND CAMPUS SECURITY POLICY

Drug Policy

Drug abuse and use are subjects of immediate concern in our society. These problems are extremely complex and ones for which there are no easy solutions. From a safety perspective, the users of drugs may impair the well-being of all BRTC students/employees, the public at large, and result in damage to state property. Therefore, it is illegal in the State of Arkansas to manufacture, distribute, dispense, possess or use any controlled substance in the school/workplace. Any student/employee violating this policy will be subject to discipline up to and including expulsion or termination and any Federal or State penalties applicable to the convicted offense.

The term "controlled substance" means any drug listed in 21 U.S.C. Section 812 and other federal regulations. Generally controlled substances are those drugs which have high potential for abuse. Such drugs include, but are not limited to Heroin, Marijuana, Cocaine, and "Crack." They also include "legal drugs" which are not prescribed by a licensed physician.

A continual use of alcohol and illegal drugs could cause addiction, which will lead to severe physical and mental harm.

Each employee is required to inform the institution within 5 days after he or she is convicted for violation of any federal or state criminal drug statute where such violation occurred on the agency's premises. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any court, state court, or other court of competent jurisdiction.

BRTC must notify the US Department of Education within ten days after receiving notice from the employee of a conviction or receives actual notice of the conviction.

If an employee is convicted of violating any criminal drug statute while in the workplace, he or she will be subject to discipline up to and including termination. Alternatively, the institution may require the employee to successfully finish a drug program sponsored by an approved private or governmental institution.

As a condition of employment, the law requires all employees to abide by this policy.

Drug treatment referral programs are available for students/employees of BRTC. Information about various drug and alcohol referral programs may be obtained by contacting Neal Harwell, Dean of Students (870) 248-4000 ext. 4158. BRTC wants every student/employee to be aware of the physical, mental, and legal ramifications that can be associated with the possession, use, or distribution of illegal drugs on our campus or at a college sponsored function.

Extended Penalties:

Any person who sells, delivers, or possesses with the intent to deliver a controlled substance may be subject to an enhanced sentence of an additional term of imprisonment of 10 years if the offense is committed on or within 1,000 feet of a public vocational school, private or public college or university. Any person convicted under this section shall not be eligible for early release on parole for the extended portion of the sentence. (Arkansas Statutes 5-64-411)

If you suspect a problem with any drug use please contact the National Drug Information Treatment and Referral Hotline at 1-800-HELP (4357). They can supply you with.
